I. INTRODUCTION

This handbook has been designed to be a guide to help the visitor by providing basic information and regulations. It is not exhaustive. You may find additional information concerning visitation by reviewing TDOC Policy 507.01 on the TDOC website. I highly recommend that every visitor should read this policy.

It is our goal at CBCX to make visiting an incarcerated loved one as pleasant as possible, yet maintain a secure prison environment. Although minimum custody inmates are housed here, the primary designation of CBCX is that of a close security institution.

The staff here recognizes the rehabilitative value of inmates maintaining family ties through visits and we encourage them to do so. Any guest to this facility may and should expect to be treated in a kind and respectful manner. Should any situation arise where this is not the case, please feel free to let me know. That said, it is also expected that every guest to this prison will conduct themselves in a manner compliant with the regulations set forth in this handbook and TDOC Policy 507.01.

We welcome you to Charles Bass Correctional Complex and truly hope your visit is a pleasant one. If you need any assistance, my staff or I will be happy to help you.

Thank you.

Flora J. Holland, Warden

III. APPROVAL PROCEDURES

Approval of visitors shall be at the warden's discretion, in accordance with the following guidelines:

All immediate family members who apply and eight (8) additional persons (regardless of age) may be approved to visit an inmate upon receipt of a TDOC Visitation Application (CR-2152).

Immediate family members of *newly received inmates* shall be tentatively added to the approved TOMIS visitation list pending receipt of the relative's application. This tentative approval shall be for no more than sixty (60) days. All immediate family members must have a CR-2152 approved before the sixty days are over.

Only immediate family members may visit inmates who reside in a classification, transient, or segregation guild.

Inmates who are in transient status shall not be allowed any visitation for two weeks. (Attorneys and clergy are exempt.) The Warden may allow special visits at the end of the two weeks but only for immediate family members (507.01.VI.J).

IV. PROCESSING OF VISITATION APPLICATIONS

Applications are received through the institutional mail office and forwarded to the visitation supervisor. Any falsification of the CR-2152 by a visitor may be cause to deny the application or withdraw previous approval of the visitor.

Applications are screened by a visitation officer for previous criminal history, approval on another inmate's list and/or appearance on the institution's volunteer list. The visitation supervisor reviews the information and notes his/her approval. Applications shall be approved or denied within thirty (30) days of receipt. Notification of approval, or reason for disapproval will be forwarded to the inmate. *It is the inmate's responsibility to notify the visitor of approval or disapproval.*

If an inmate or visitor request a removal from the visitation list, the visitor must remain off the inmate's visiting list for *at least one (1) year*. That visitor must wait one (1) year before being placed on another non-immediate family inmate's visiting list.

The Warden may disapprove visitation applications of immediate family members with felony convictions if it is believed that the security of the institution or safety of individuals could be jeopardized. This information shall be entered on e-TOMIS screen LIML under Visitor Concerns.

Visitors may not be placed on more than one (1) inmate's visiting list unless the inmates are immediate family members of the visitor and the relationship can be substantiated.

Completed CR-2152's should be sent to:
